

Model 9810 Type K

TAYLOR
Leading the Way in Accuracy™

Thermocouple Thermometer

Shown with probe
(not included)

Taylor innovation is built on 150 years of expertise in producing the most comprehensive line of quality thermometers in the industry. Now we've taken this heritage of technology-driven solutions to the next level, to offer the thermometer user state-of-the-art advantages in an economical thermocouple.

Product Benefits

- Feature laden, compact, economy thermocouple with rugged housing.
- Accepts K-type thermocouple probes
- Large digital display for easy reading
- Temperature Range:
 - 58°F to 2498°F
 - 50°C to 1370°C
- Accuracy $\pm 2^\circ$ F in the critical HACCP temperature range 32°-150°F
- Resolution: 0.1°F and 0.1°C
- Field Recalibratable for use in HACCP Programs
- Hold and Min/Max Features
- On/Off Button
- Auto Off to extend battery life
- F & C Selectable
- Low Battery indicator
- Includes vinyl case and 9-volt battery
- **Probe not included**
