Solid Swing Door 24" Food Rated Back Bar Cooler

TBB-24-60FR

AIA #

SIS #

- Oversized, factory balanced, refrigeration system holds 33°F to 38°F (.5°C to 3.3°C).
- Exterior heavy duty, wear resistant laminated black vinyl front and sides. Matching black aluminum back. All stainless steel counter top.
- Interior stainless steel.
- NSF-7 approved for open food product.
- Positive seal doors.
- Entire cabinet structure and solid doors are foamedin-place using Ecomate. A high density, polyurethane insulation that has zero ozone depletion potential (ODP) and zero global warming potential (GWP).

Underbar Refrigeration: Solid Swing Door 24" Food Rated Back Bar Cooler

STANDARD FEATURES

DESIGN

 True's refrigerated back bar coolers are designed with enduring quality and value. Our commitment to using the highest quality materials and oversized refrigeration assures colder product temperatures and years of trouble free service.

REFRIGERATION SYSTEM

- Factory engineered, self-contained, capillary tube system using environmentally friendly (CFC free) 134A refrigerant.
- Extra large evaporator coil balanced with higher horsepower compressor and large condenser; maintains cabinet temperatures of 33°F to 38°F (.5°C to 3.3°C).
- Sealed, cast iron, self-lubricating evaporator fan motor(s) and larger fan blades give True back bar coolers a more efficient low velocity, high volume airflow design. This unique design ensures faster temperature pull down of warm product, colder holding temperatures and faster recovery in high use situations.
- Condensing unit accessed from behind front grill, slides out for easy cleaning and maintenance.

CABINET CONSTRUCTION

 Exterior - heavy duty, wear resistant laminated black vinyl front and sides. Matching black aluminum back. All stainless steel counter top.

WARRANTY

Three year warranty on all parts

and labor and an additional 2 year warranty on compressor. (U.S.A. only)

- Interior stainless steel.
- Insulation entire cabinet structure and solid doors are foamed-in-place using Ecomate. A high density, polyurethane insulation that has zero ozone depletion potential (ODP) and zero global warming potential (GWP).
- Welded, heavy duty steel frame rail, black powder coated for corrosion protection.

DOORS

- Wear-resistant laminated black vinyl exterior with heavy gauge galvanized steel door liner.
- Each door fitted with 12" (305 mm) long recessed handle that is foamed-in-place with a sheet metal interlock to ensure permanent attachment.
- Positive seal doors.
- Magnetic door gaskets of one piece construction, removable without tools for ease of cleaning.
- Door locks standard.

SHELVING

- Four (4) adjustable, heavy duty, black PVC coated wire shelves 23 ¾ "L x 18"D (604 mm x 458 mm). Four (4) chrome plated shelf clips included per shelf.
- Aluminum shelf support pilasters. Shelves are adjustable on 1/2" (13 mm) increments.

LIGHTING

• Fluorescent interior lighting. Safety shielded.

MODEL FEATURES

- Evaporator is epoxy coated to eliminate the potential of corrosion.
- Designed to accommodate a variety of beer kegs.
- NSF-7 compliant for open food product.

ELECTRICAL

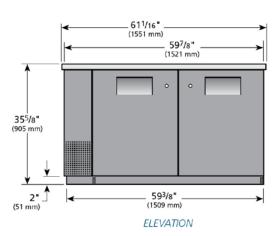

• Unit completely pre-wired at factory and ready for final connection to a 115/60/1 phase, 15 amp dedicated outlet. Cord and plug set included.

OPTIONAL FEATURES/ACCESSORIES

- Upcharge and lead times may apply.
- G" (153 mm) standard legs.
- □ 6" (153 mm) seismic/flanged legs.
- □ 2¹/₂" (64 mm) diameter castors.
- 4" (102 mm) diameter castors.
- Additional shelves.
- Remote cabinets (condensing unit supplied by others; system comes standard with 404A expansion valve and requires R404A refrigerant). Consult factory technical service department for BTU information. All remote units must be hard wired during installation.
