## Glass Door Merchandiser

Glass Door Merchandisers  
 Refrigerators

**Model : TGM-5R**

### FEATURES / BENEFITS

■ **EFFICIENT REFRIGERATION SYSTEM**

Turbo Air's glass door refrigerators are designed with oversized and balanced (CFC Free R-134A) refrigeration systems. These include efficient evaporators and condensers for faster cooling and greater efficiency.

■ **TASTEFUL AND MODERN APPEARANCE**

The design of our products is one of our top priorities. Whether you have a restaurant, bar, convenience store or gas station, Turbo Air refrigerators will compliment the appearance of your operation.

■ **MAGNETIC DOOR GASKETS**

Magnetic door gaskets are of one piece construction, removable without tools for ease of cleaning and replacement.

■ **DOUBLE PANE GLASS DOORS WITH HEAT REFLECTING FILM**

Equipped with unique double pane glass doors with a layer of patented, transparent thermal insulating film applied between the two glass layers. Lightweight door construction reduces door maintenance and bushing wear, and facilitates smooth door opening.

■ **ADJUSTABLE, HEAVY DUTY, PE (POLYETHYLENE) COATED WIRE SHELVES**

■ **HIGH-DENSITY POLYURETHANE INSULATION**

The entire cabinet structure and solid doors are foamed-in-place using high density, CFC free polyurethane insulation.

■ **ERGONOMICALLY DESIGNED DOORS**

Customers' fatigue fades away with easy grip handles and doors that open effortlessly. These features along with self-closing doors make this the ultimate choice in customer convenience.

■ **BOTTOM MOUNT COMPRESSOR UNITS**

Turbo Air's bottom mount compressor allows easier access for service and extra storage space above. In addition, the lower area provides a cooler and less greasy operating environment which results in reduced compressor running time.

■ **REFRIGERATOR HOLDS 33°F ~ 38°F FOR THE BEST IN BEVERAGE PRESERVATION**
