Milk Coolers - Dual Sided Door

*Milk Coolers
 Super Deluxe Series*

**3 YEAR PARTS & LABOR
 WARRANTY**

**Model : TMKC-49D-WA
 TMKC-49D-WS
 TMKC-49D-SA
 TMKC-49D-SS**

≡ FEATURES & BENEFITS ≡

- Efficient refrigeration system**
 Turbo Air's milk coolers are designed with oversized and balanced (CFC Free R-134A) refrigeration systems. It also includes efficient evaporators and condensers for faster cooling and greater efficiency, which result in saving ownership costs. Forced-air refrigeration system keep milk cold after a prolonged period of time, allowing it to be fresh and cold.
- Exterior digital thermometer standard for easy visibility**
 Exterior digital temperature display allows easy reading, precise, and constant temperature. This level of precision allows milk to remain fresh and safe over an extended period of time.
- Sturdy and clean, durable cabinet construction**
 Exterior is stainless steel or white coated steel with stainless steel door. Interior is comprised of stainless steel.
- High-density polyurethane insulation**
 The entire cabinet construction is foamed-in-place using high density, environmental friendly CFC free polyurethane insulation.
- Convenient bottom floor drain standard with hose adapter**
 Floor drain is located in the rear on the right hand side for easy clean out. The hose adapter allows for convenient connecting to drain hose.
- Door lock standard for added safety**
- Heavy duty floor racks standard**
- Door support bumpers standard**
- Stainless steel self-service doors have drop front feature and hold-open flip-up top lid**
- 4" swivel casters standard for easy movement, two with brakes to lock the unit in place**
- Self-contained system**
- Corner bumpers available as optional**
- Dual sided for convenient access**
 Dual sided model offers convenient and efficient access to refrigerated products from both sides of the unit. Dual access milk cooler provides easy stocking and maximum serving possibility.
- Refrigerator holds 33°F ~ 38°F for the best in milk preservation**
