SIGNATURE SERVER®: 3-WELL HOT FOOD STATION

Base pictured with stainless corner strips for laminate finish.

DESCRIPTION

Vollrath's 3-Well Hot Food Station is constructed of 18-gauge carbon steel clad with black vinyl, or optional laminate finish (all-stainless construction also available). All exposed stainless steel is type 304 polished with #4 finish or equal. Unit is mounted on heavy-duty, semi-hidden 4" (10.16 cm) diameter ball bearing swivel-type casters with non-marking treads. All casters come complete with locking plate brakes. Touch Temp® programable electronic control panel will adjust the 625 watt heating element in each individual food well. Top is one piece 18-gauge stainless steel with each well opening 19⁷/₈" x 11⁷/₈" (50.48 cm x 30.16 cm). Wells constructed of 20-gauge stainless steel and insulated by a minimum of 1¹/₂" (3.81 cm) glass fiber insulation for efficient dry or moist operation. Manifold drains standard. Drain exits through side of unit. NSF4 certified.

LIGHTING (Requires breath guard) (Bulbs not included)

Note: Lighting options for breath protector components require that 120V AC, 120/208V AC, or 120/240V AC be selected.

Incandescent/Infrared (Bulbs not included)

Attractively display and merchandise food or provide heat from above.

- 36431 Incandescent/Infared, 46" (117 cm) Length

Fluorescent (Bulbs not included)

Illuminates food attractively while providing more room under breath guard. Includes shield for light tube.

- 36421 Fluorescent, 46" (117 cm) Length

Heat Strip (Bulbs not included)

Order alone or with incandescent lighting. Not available for use with cafeteria double-deck display shelf. Heat strips with lights not available for cafeteria single-deck breath guard.

- 36401 Heat Strip Only, 46" (117 cm) Length
- 36411 Heat Strip with Lights, 46" (117 cm) Length

Optional solid surface and laminate tops available. Contact the factory.

BREATH GUARD

Cafeteria Breath Guard

Single Shelf

Twelve inch (30.48 cm) wide shelf is constructed of 18-gauge stainless steel and front panel is heavy-duty 1/4" (.63 cm) clear acrylic. Serving shelf and acrylic panel attach to 1" (2.54 cm) square tubular stainless steel uprights.

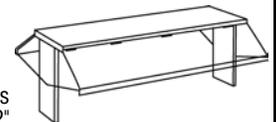

Double Shelf

Top shelf is 18-gauge stainless steel and 12" (30.48 cm) wide. Intermediate shelf is 1/4" (.63 cm) acrylic. Shelves mounted to 1" (2.54 cm) square tubular stainless steel uprights. Breath guards are 1/4" (.63 cm) clear acrylic and are adjustable/pivot to provide access to serving areas.

- 37311 Single Shelf, 46" (117 cm) Length
- 37321 Double Shelf, 46" (117 cm) Length

Access Breath Guard

Top shelf constructed of 18-gauge carbon steel clad with black vinyl, optional laminate or stainless steel. Side and end panels constructed of 1/4" (.63 cm) clear acrylic. Uprights built of 18-gauge stainless steel. Provides 12" (30.48 cm) height clearance/serving opening when in use. Adjustable Access Breath Guard provides serving opening range of 9"-15" (22.8-38.1 cm) in one inch (2.54 cm) increments. NSF certified.

- 36343 Adjustable Access Breath Guard, 46" (117 cm) Length
- 36341 Non-Adjustable Access Breath Guard, 46" (117 cm) Length

Buffet Breath Guard

Constructed of 18-gauge 1" (2.54 cm) square tubular stainless steel uprights. Panels made of 1/4" (.63 cm) clear acrylic. Side panels provide 12" (30.48 cm) height clearance/serving opening when attached to Vollrath Signature Server® Base.

- 36301 Buffet Breath Guard, 46" (117 cm) Length

Optional powdercoat or brass breath guards available. Contact the factory.
