CAYENNE® BAIN MARIE DISPLAY CASE

Cayenne® Hot Food Display Case

DESCRIPTION

Vollrath's Cayenne® Bain Marie Display Case is a great way to present your food and keep it warm. It has both dry and wet heat functions so it is suitable for all types of foodstuffs.

The Cayenne® Bain Marie Display Case keeps food at the right temperature and humidity. Ideal for enhancing food presentation on buffets, carveries, outside catering and restaurants. Complete portable and easy to transport. The Cayenne® Bain Maire Display Case can also be countersunk.

MODELS

40732   Hot Food Display Case

FEATURES

❏ Versatile heating element allows well to be used wet or dry

❏ Can be used as countertop unit or drop-in – cutout dimensions 25" x 41" (63.5 x 104.1 cm)

❏ Rear drain valve for easier end-of-day maintenance

❏ Variable temperature control to accommodate a wide range of different foods

❏ Includes two 12" adaptor bars to divide full-size well spaces

❏ Double skin stainless steel base reduces heat loss and allows unit to be used either as a drop-in or countertop

❏ Sliding glass doors in rear lift out easily for cleaning

❏ Top-mounted halogen lighting for excellent staging of merchandised food

❏ 110 Volt cord and plug – avoid complicated electrical installations
