

B-446 BUILT-IN CHAR BROILER

B-446 BUILT-IN CHAR BROILER

Wells B-446 Built-In Char Broiler has a stainless steel top that makes it one of the most durable in the industry. Self-cleaning elements are protected by the heavy-duty cast-iron grate and provide dual heating action, using both conductive and radiant heat.

Features

- **The self-cleaning elements** are positioned between the broiler grate ribs to guard against direct food contact and spatula abrasion. The elements also provide dual heating action (conductive and radiant).
- **Temperature** is regulated by an infinite control with a positive-off position and a signal light to indicate a power-on condition.
- **Element frame assembly** has a spring-loaded support rod to secure element when in a raised position.
- **Lift-out, drawn drip pan with handles** and removable **cast iron grate** allows fast and easy cleaning.
- **Control knob** is recessed in a one-piece, drawn, stainless steel panel to help prevent accidental temperature changes.
- **A terminal block** is provided for field connection to the main power supply.
- Each unit is provided with a **grate scraper/brush**.
- **The B-446 Broiler** is Underwriters Laboratories, Inc. Recognized and meets NSF International standards.
- **A one-year warranty** against defects covers parts and labor.

Specifications

Overall Dimensions:	Inches	MM
Width	19 7/16	494
Depth	29 9/16	751
Grid Surface Dimensions:		
Width	16	406
Depth	20	508
Area	320 in ²	.21 m ²
Temperature Settings:	OFF/LO to HI	
Number of Controls:	1	
Pre-Heat Time to 600° F:	10 minutes	
Typical Production:	Per Load	Per Hour
Hamburgers	25	350
Steaks	9	80
Weights:	Lbs.	KG
Installed	69	31
Shipping	80	36
