

☀ Features & Benefits

- 3.0 gallon size meets the high volume demands of large scale operations.
- Designed for simplicity, the Handle Operated series brewers save operator time and effort by delivering consistent results from your pre-programmed coffee recipe.
- Single station brewer fits well in areas where high volume service is needed but available space is at a premium.
- The 3.0 gallon brewer is a popular choice for high volume satellite coffee service in banquet halls, large hotels, cafeterias and catering operations.
- Brew directly into the ultra durable TPD-30 thermal dispensers (sold separately).
- Available in multiple power configurations to efficiently meet your cups-per-hour requirement and keep energy costs at a minimum.
