

**MODEL 500-CW-1M0ZN**  
22 Gallon Heated Chip Warmer

UL Listed to Canadian safety standards  
Classified by UL to NSF Std. #4

## Specifications

Wittco Model 500-CW-1M0ZN heated chip warmer utilizes a First-in First-out methodology to provide warm fresh chips for your customers. Unheated chips go in the top and warm chips are removed from the bottom. This unit holds 22 gallons ( 17 ½ pounds ) of chips. The removable heating module ( with fan ) and removable interior baffles allow for easy cleaning. The magnetic one piece door latch with 90° stopping mechanism provides easy access to the warm chips along with a place to rest the basket being filled. Control is provided by an illuminate on/off switch. The interior and exterior are both constructed out of 20 gauge stainless steel and there is a life time warranty on heating element. The unit comes complete with 1 " legs and with a 6 foot cord and NEMA 5-15 plug.

120 volts, 1250 watts, 10.5 amps
